CLEMSON COLLEGE, S. C., FRIDAY, MAY 3, 1946

VOL. XXIX, NO. 41

NEW SWEETHEART OF THE CORPS

MISS ADELAIDE BEST

Furmanette Is New Honorary Colonel

Miss Adelaide Best, petite brunette junior at Furman, was elected Honorary Cadet Colonel of the Clemson College Cadet Corps at the Junior-Senior Dance. Sponsor for "Red" Frierson, Adelaide hails from Fairfax and is a member of the "Y" cabinet and Student Council at the "Zoo".

Col. A. J. Thackston, who with Dr. J. C. Green, Prof. I. A. Trivelpy, Prof. B. E. Goodale, Prof. J. P. Brewster formed the committee of judges, presented Miss Best with the three diamond pin and the traditional kiss of honor at a short ceremony after intermission of the first dance. The judges had as their field of choice the dates of the junior and senior cadet officers.

From the ovation the Clemson Queen got when she issued her first orders to the Cadet Corps, calling off the Saturday morning inspection, the whole student body agrees with the judges' selection.

To add the final touch, senior Ed Visor, who is quite an authority on Furman women, described Adelaide as "smooth", and demanded that smooth be spelled with four o's.

The honorary colonel's next duty will be performed on visitors' day when she will review the cadet corps.

For the first time since pre-war days the colonel will wear a complete white uniform consisting of white coat, pants, boots, and cap.

College Calendar

Friday, May 3rd. Inspection by Board of Visitors.

Saturday, May 4th. Clemson-Newberry Baseball Game—2:30 p.m.

Sunday, May 5th. Vesper Services at YMCA. Mr. H. E. Robinson for Georgia will speak at 6:10 p.m.

Tuesday, May 7th. Beginning of Clean Up Week sponsored by Tiger Brotherhood.

Meeting on steps of auditorium—12 noon.

Land Tenure Conference.

Clemson-Wofford baseball game—2:30 p.m.

Wednesday, May 8th. Annual ROTC Inspection.

Thursday, May 9th. Farm Bureau Board to meet at Clemson.

Tiger Banquet in Club Rooms of YMCA—8:00 p.m.

Saturday, May 11th. Senior exams begin.

Sunday, May 12th. Dr. John M. Rast, President of Lander College, will preach at the Methodist Church—11:30 a.m.

Closing exercises at the YMCA—6:30 p.m.

Monday, May 13. Clemson-Furman baseball game—3:30 p.m.

Award of medals for inter-mural sports, YMCA Clubroom—7:00 p.m.

Friday, May 17th. Meeting of Trustees of Alumni Foundation in the President's office—1:00 p.m.

Faculty meeting in Chemistry Lecture Room—5:00 p.m.

College Dance, Field House—9:00 p.m.

TAU BETA PI TAPS LEADING ENGINEERS

Five students were recently honored by initiation in the Tau Beta Pi Association, national honorary engineering association; they are Harold S. Payne, CE 46, Cartersville, Ga.; Wallace A. Storey, ME 47, Greenville, S. C.; Warren H. Owen, ME-EE 47, Rock Hill, S. C.; Robert K. McKinnon, CE 47, St. George, S. C.; and John W. Evans, EE 47, Kingstree, S. C.

Tau Beta Pi was founded at Lehigh University in 1885 to mark in a fitting manner those who have attained honor by distinguished scholarship and exemplary character as undergraduates in engineering. Only those students whose averages place them in the upper fifth of their classes are eligible for membership in the Tau Beta Pi Association.

The South Carolina Alpha chapter of Tau Beta Pi was organized and recognized in 1923 supplanting a local honorary engineering fraternity which had existed prior to that time. Tau Beta Pi with over seventy chapters in colleges and universities throughout the nation is recognized as the outstanding honorary engineering association.

Those engineering students who daily pass through the portals of Riggs Hall are confronted with an enlarged replica of the distinctive insignia of the association—an enlarged replica of the Tau Beta Pi key embedded in the vestibule of the "Engine House".

Tau Beta Pi, although not a service association, has in the past rendered service to Clemson and the student body through various sponsorships and projects; all members of the association are encouraged to participate in such fields of collegiate activity as may be attractive to them.

The junior members of the

Spring Inspection To Take Place On May 8

The annual Spring Inspection of the ROTC of Clemson College by a team of six officers, will be held here on May 8. The inspecting team is composed of four officers from the 1st Army Hdq. and two officers from 4th Service Command. They are Lt. Col. Ingalls, Maj. Bristol, Capt. Smee, and Capt. Moore from the 1st Army Hdq. and Lt. Col. Craighill and Lt. Col. Brumbergh from the 4th Service Command.

The day of May 8 will be devoted entirely to this military inspection with all classes for ROTC students being called off. The tour of inspection will begin with a courtesy call on the

Board of Visitors Inspecting Campus

The Board of Visitors is holding its annual inspection of the college facilities on May 1-3. While at Clemson the members are staying at the Trustee House.

Members of this board are elected by the Trustees of the college and their job is to inspect the condition of the student body and faculty, to inspect the buildings, grounds and facilities, and to make a report to the Board of Trustees in reference to the operation of this institution according to the by-laws and rules set forth by the trustees.

The hold-over member from last year's Board of Visitors is Charlie Peace of Greenville. The other members are as follows: W. W. Smoak of Walterboro, H. S. Johnson and T. B. Pearce of Columbia, Hugh Agnew of Anderson, S. H. Benjamin of Cornaca, A. C. Kennedy of Union, L. E. Stroud of Great Falls, E. C. McArthur of Gaffney, Wade Stackhouse of Dillon, and Charles Campbell, John Auten, and W. E. Tillotson of Hartsville.

The tour of inspection includes all schools of the college, Administration offices, Mess Hall, Barracks, Hospital, Library, YMCA, Fertilizer Inspection and Analysis Division, and facilities of the Agricultural Experiment Station. On May 2 Chapel Exercises were held in honor of the visitors after which they were the guests of student leaders for dinner in the Mess Hall.

The business of the Board of Visitors will be closed on Friday with a meeting in the Trustee House to prepare a report to the Board of Trustees and to select the hold-over member for 1947.

DR. POOLE AND STUDENT LEADERS observe on map of the college designated areas that their respective organizations are responsible to clean up during the CAMPUS CLEAN-UP DRIVE.

From left to right are A. M. Tewksbury, Pres. of the Veterans' Organization, D. K. McKinnon, Pres. of B. S. U., Charlie Mims, Pres. of the Block "C" Club, Dr. Poole, Walter Terrell, Pres. of Alpha Phi Omega, G. F. Lewis, Pres. of the Executive Sgts. Club, and O'Neal Jacobs, Pres. of the Minarets.

Sixteen Outstanding Students Elected to Tiger Brotherhood

The Tiger Brotherhood, Clemson's local service fraternity, announced today the election of sixteen new cubs for membership. These cubs as in times past were chosen with membership based upon character, leadership, and service to school.

The new initiates begin their formal initiation today. They are as follows: A. J. "Pee Wee" Coleman, C. E. Sr. from Saluda; J. R. Johnson, Chem. Eng. Sr. from Greenville; J. M. Erwin, Pre-Med. Sr. from Darlington; W. H. Wiggins, C. E. Sr. from Little Rock; A. B. Carwile, Ag. Eng. Jr. from Abbeville; John Whaley, Hort. Jr. from Charleston; W. D. "Chip" Clark, T. C. Jr. from Lexington, N. C.; F. B. Hutto, Chem. Jr. from Jacksonville, Fla.; R. K. McKinnon, C. E. Jr. from St. George; J. B. Lowman, T. E. Jr. from Balentine; G. F. Lewis, Arch. Soph. from Orlando, Fla.; and D. H. Banks, I. Phys. Soph. from St. Matthews.

Also F. K. Norris, Ag. Eng. Soph. from Eutawville; E. H. Rhyme, G. S. Fresh from Clemson; E. E. Morris, G. S. Fresh from Pickens; and R. N. Crowe, Fresh. from Greenwood.

These new initiates include the leader of the Tiger Platoon, the Editor of Taps, and leaders from many other organizations on the campus. In the group are four seniors, six juniors, three sophomores, and three freshmen.

At a recent meeting, new officers for the coming year were elected. These officers include: Lex Southerland, president; W. B. Greyard, vice-president; and J. W. Evans, secretary-treasurer.

Several committee heads were elected also. They are: John Califf, social; Shorty Collins, initiation; and Paul Ritchie, planning.

New officers were elected as follows: President, E. T. McIlwain; Vice-President, W. D. Clark; Senior Warden, W. B. Greyard; Junior Warden, W. E. Broadwell; J. R. Clark succeeded E. T. McIlwain as secretary and treasurer. The retiring officers were Fletcher Hawkins, President; and J. R. Hunter, Vice-President.

Enging a two weeks' initiation period with a supper held at the cabin, the Blue Key honorary service fraternity was formally reactivated on Thursday night, April 25, after having been inactive since 1943. Mr. J. C. Littlejohn, faculty advisor for the Clemson Chapter of Blue Key, presided over the initiatory meeting, and was assisted by several others in the faculty.

The first meeting of the newly reorganized Blue Key took place in the fraternity room on Monday night, April 29 and officers were immediately elected. These were: Paul Ritchie, Pres.; Bob McKinnon, V. Pres.; Bill Reasonover, Corresponding Sec.; Ralph Collins, Recording Sec.; Treas.; and, Henry Frierson, Alumni Sec.

It has been the custom in former years for Blue Key to publish in booklet form a complete student roster giving the room number and home address of each. Plans are being made for continuance of this service.

The two students who were declared eligible for membership are W. G. Hudson, M. E. 46 and L. F. Theiling, Chem. 46 of Orangeburg. Two other persons who were declared eligible were C. C. Sartor who left Clemson at the end of his junior year to enter the Medical College of South Carolina, and Raymond L. Sweeney, E. E. and M. E. 29 who will enter as an alumni member.

On May 1, Col. A. J. Thackston took over the post of PMS&T vacated by the departure of Col. W. A. Cunningham, who is now on terminal leave prior to his retirement. Col. Cunningham had held the post since coming to Clemson in September of 1943.

Col. Thackston, who graduated from Clemson in 1926, has been stationed at Clemson since December of 1945. He had been serving in the capacity of Assistant PMS&T.

Col. Thackston, who was commissioned shortly after her graduation, served for twenty years with troops of the Regular Army

Phi Psi Elects Officers At Spring Banquet

Phi Psi, national honorary textile fraternity, held its annual spring banquet in Greenville on the night of April 25th. Those present were the student members, honorary members, and a few of the alumni.

New officers were elected as follows: President, E. T. McIlwain; Vice-President, W. D. Clark; Senior Warden, W. B. Greyard; Junior Warden, W. E. Broadwell; J. R. Clark succeeded E. T. McIlwain as secretary and treasurer. The retiring officers were Fletcher Hawkins, President; and J. R. Hunter, Vice-President.

Blue Key Elects New Officers

Enging a two weeks' initiation period with a supper held at the cabin, the Blue Key honorary service fraternity was formally reactivated on Thursday night, April 25, after having been inactive since 1943. Mr. J. C. Littlejohn, faculty advisor for the Clemson Chapter of Blue Key, presided over the initiatory meeting, and was assisted by several others in the faculty.

The first meeting of the newly reorganized Blue Key took place in the fraternity room on Monday night, April 29 and officers were immediately elected. These were: Paul Ritchie, Pres.; Bob McKinnon, V. Pres.; Bill Reasonover, Corresponding Sec.; Ralph Collins, Recording Sec.; Treas.; and, Henry Frierson, Alumni Sec.

It has been the custom in former years for Blue Key to publish in booklet form a complete student roster giving the room number and home address of each. Plans are being made for continuance of this service.

Old Clemson Man Is New P.M.S.&T.

On May 1, Col. A. J. Thackston took over the post of PMS&T vacated by the departure of Col. W. A. Cunningham, who is now on terminal leave prior to his retirement. Col. Cunningham had held the post since coming to Clemson in September of 1943.

Col. Thackston, who graduated from Clemson in 1926, has been stationed at Clemson since December of 1945. He had been serving in the capacity of Assistant PMS&T.

All Organizations Are To Work Together

Presidents of all the service, honorary, religious, and social fraternities and clubs, and other student body and cadet leaders held a joint meeting Monday night in Dr. Poole's office to make plans for Campus Clean-up Week. The week of May 6-10 has been designated for this joint project of all the organizations.

Commandant's Staff Gets New Additions

Recently four new men have been added to the Commandant's Staff with each of them having long army records to his credit. This brings the total number of men on the staff to six officers and eight non-coms.

M-Sgt. John R. Shick, who came here April 4 from Fort Benning, has served in the army since February of 1939. He went from a tank-destroyer unit to O. C. S. in 1942 and received his commission in September of the same year. He was then connected with training units at various posts throughout the country and, when he was discharged, he held the rank of Captain. Sgt. Shick re-enlisted in February and was placed in the ROTC training unit. He is married and has two children, a teen-age daughter and a young boy, but at the present time his family is not living at Clemson.

M-Sgt. Leo E. Crawford has been in the army for ten years and received his commission in 1942. He then went to Parachute School and was in the 11th Airborne in the South Pacific, Okinawa, and Japan. He was a Captain when discharged, and he came to Clemson three months after he re-enlisted. Sergeant Crawford is married and is living with his wife and two children at Liberty.

1st Sgt. R. L. Lacy came to Clemson in January and is also an old army man with ten years of service behind him. He was in the European Theater of Operations for two and one-half years and was in several different divisions while overseas. Sergeant Lacy is married and is living in the McArthur Apts.

M-Sgt. Gus Drennan, who has been in the army for seven years, arrived at Clemson in the first part of April. Sergeant Drennan received his commission at Fort Benning and served with the famed 30th division for two years in Europe. His wife and child have recently joined him here at Clemson.

Drive For Funds For Athens College To Be Made Here Next Week

Next week a drive is to be made in the cadet corps to help raise funds for the rehabilitation of the Athens College, which is an American college that has been in operation in the city of Athens, Greece, for the past 25 years. A sponsoring committee of leading American educators, has addressed an appeal to Dr. Poole in which the faculty and student body of Clemson have been asked to contribute.

After the occupation of Greece, the American faculty left the college, and the Nazis occupied it. Today the college is operating again, but the buildings and equipment have been seriously damaged. Over 3,000 students have applied for admission this year, but because of the make-shift arrangements, only 600 could be enrolled. The need for repairs and equipment is acute.

A faculty committee, headed by Dr. Peter Carodemos, makes the appeal, "We believe that our faculty and student body should consider it a privilege to contribute to this worthy cause. In so doing we are helping Greece, whose people sacrificed their all for the Allied cause."

Winthrop Singers

The Winthrop Sextette, directed by Dr. Walter E. Roberts, presented a series of musical programs at the YMCA last week-end. A program of semi-musical and popular music was presented Saturday night, and the main feature of Sunday Vesper Services was a program of religious music presented by the sextette.

By special permission of Dr. Poole and Col. Cunningham all activities from 12 to 1 o'clock next Tuesday have been suspended. During this time all the members of the respective groups will assemble at the "Juice" shop and proceed from there to designated areas which have been assigned to them to clean up.

The Tiger Brotherhood proposed this project for consideration by all the other organizations in an attempt to have the campus in good order for Spring Inspection and Visitors' Day. Although one week has been specifically set aside, the Brotherhood also suggested that keeping a certain area clean be a permanent project for each of the societies and that each and every student take it upon himself to be more conscious of the appearance of the campus and to help keep it clean at all times by refraining from throwing trash, cigarette butts, paper, or other debris on the ground and in the buildings.

The cooperation and support of the faculty and administration has been promised to the extent of placing more trash receptacles in and around the buildings. Dr. Poole expressed genuine pleasure and whole-hearted approval and support of the project. Paul Ritchie

Graduation and Mother's Day To Be Held May 19

This year Mother's Day, Visitor's Day, and graduation exercises will all be observed in one weekend instead of being on separate weekends as has been the custom in previous years. These events will take place on Sunday, May 20. It is thought that by combining these activities, more people will be able to attend all of them.

A definite schedule has not been announced yet, but tentative plans have been made. Saturday afternoon the commandant's staff with the aid of the cadet officers will select the best drilled cadet, the outstanding all-around cadet, the best drilled squad and platoon. Awards will be made at a parade on Sunday afternoon.

Activities for Sunday include barracks being open for inspection that morning, drill by the Tiger Platoon, a parade by the corps, and awarding of military medals that afternoon, and graduation exercises at 6 p. m. in the evening.

A detailed program will be published in the next issue of the Tiger.

By Their Words

"Let's learn to disagree without being disagreeable."

—Prof. John Lane.

"My name is Strasser, what's your hobby?"

—Bill "Lover" Strasser.

"In the spring a young man's fancy turns toward thoughts which girls think about all year around."

—Prof. D. D. Curtis.

"If the labor situation continues as it is, let's everybody go on strike."

—Pop' Lee.

"You can't judge a sausage by its skin."

Dr. "Smoe" J. L. Crouch.

"His stupidity is astounding."

—Paul "Bo-Hog" Ritchie.

"You amaze me with that startling burst of intelligence."

—Prof. Goodale.

"I suspect that if Clemson were co-educational, we would all shave more often."

—"Pop" Sherman.

MESS HALL ROW

A great deal of criticism has been heaped upon the yet unbowed head of the Tiger for printing the results of the poll on the mess hall in the last edition. Results of all the other questions were run and no such criticisms were heard. When the present Tiger staff took over, it stated that one of its policies was to act as the voice of the student body. The answers to this poll constituted the true opinion of the student body. This policy of the Tiger shall continue as long as the present staff is putting out the paper, despite the attempts of certain individuals to clamp rigid censorship on the Tiger to prevent such items from being run.

In the Tom Clemson Column this week there appears a letter from a respected member of our faculty and church group, questioning the fairness of running these results. To his statements concerning the adverse conditions and difficulty of purchasing of certain foodstuffs the Tiger answers that even in the pre-war years when any kind of foodstuffs and plenty of help were available, the diet never changed (it is practically the same at the present time day for day as it was in 1940) and the preparation was the same as it is now.

The only thing that is different is the condition of the silverware, tables, and china. The Tiger asks the writer of this letter and any critic of its policy, to visit the mess hall unannounced at any meal and see the conditions for himself. Let him fight to loosen his glass from the greasy table, let him clean the particles of food from the prongs of his fork before he partakes of his repast, then let an opinion be expressed. The Tiger thinks it will be different.

* * * * *

FOR A BETTER CADET CORPS

Looking toward the coming semesters the Tiger wonders about the Cadet Officer situation and endorses a firm policy in that respect. This policy is that Cadet Officers be appointed only from the senior class and if due necessity demands, from the upper portion of the junior class. Under no conditions, excepting the unavailability of seniors and juniors should sophomores be appointed to the officers ranks. The number of seniors available, if the draft amendment deferring 18-19 year olds is passed, will be more than enough to fill the positions.

In prewar Clemson cadet officers in general were held in high respect by the Cadet Corps. They were without exception members of the senior class; they had worked their way through the various ranks: private, corporal, and one grade of sergeant, each in a full year. How can the Cadet Corps be efficiently run when a sophomore holds a higher rank than a senior and can give him orders? The present system is a down right fallacy. Until it is changed, nothing much in the way of building a really military Cadet Corps can be achieved.

* * * * *

CAMPUS CLEAN UP

The Tiger Brotherhood has proved its worth as a service organization by inaugurating the campus clean-up drive. The Tiger has long deplored the trash situation on the campus, but until now no organization has stepped in to take charge. Every student at Clemson should give his fullest cooperation in this worthwhile cause.

Already certain veterans have stated that they would not pick up a single piece of paper after all the policing up that they did while in the service. This attitude is mighty poor. Too many persons think that the word "veteran" relieves them of all responsibilities. Clemson is our home; her grounds should be kept as we would keep our front yard.

There is absolutely no reason for throwing trash on the ground when receptacles are available.

This clean-up drive should not be only for a week; it should be forever.

* * * * *

SUCCESS OR FAILURE

It can be truly said that a person's abilities and capacities are unknown quantities until they have been proven in practical tests.

Next week the drive to clean-up the campus will start. The heads of the various organizations are responsible for the active participation of the members of their groups. Some will succeed in their tasks; others will fail. Responsible student leaders should be careful not to depend on those who couldn't do the job in positions of leadership affecting the welfare of Clemson.

* * * * *

DANCES

One of the crying needs of the colleges of upper South Carolina is an inter-collegiate dance committee. So many times two or three of these colleges give big dances on the same week-ends, thus cutting the attendance of each other.

It seems that it would be much better if each college had a representative on a committee to settle on the dates of the many dances. With fifty-two week-ends in the year a satisfactory schedule could be worked out whereby the occurrence of two or more dances on the same week-end could be reduced to a minimum.

Some sort of coordination is desperately needed. The situation as it stands now is unsatisfactory to a great many. As a remedy the Tiger suggests this inter-collegiate dance committee.

MAN OF THE WEEK

NETMAN GREYARD
Also Excels in Scholarship

Wilbur Greyard, besides being the captain and mainstay of Clemson's tennis team, achieved the ultimate in scholarship when he made all A's last semester, thus proving himself to be equally an athlete and a scholar. Clemson has profited greatly otherwise by Greyard's enrollment here; he is vice-president of Tiger Brotherhood and the Veteran's Organization and is a member of Phi Psi and Pershing Rifles.

TALK of the TOWN
L. F. THEILING

TALK OF THE TOWN

DISCRIMINATION !!! Discrimination between the Cadet Corps and other people seems to be a situation that is becoming more acute as time goes by. One strong point to which I am making my references is the concert series. The concert series is supposedly presented for the cultural improvement of the Cadet Corps and we are paying for it through the tuition and other various fees paid at the regular semester quarters. If this be the case, why aren't we getting the choice seats in the house. We get the bleachers and the seats in the back of the field house while the student bodies of most colleges and universities get the choice seats in their auditoriums.

If the fee that we are paying is too small to allow us the choice seats, I feel that most of us would be quite willing to pay a little more and get better seats.

While I am speaking of the concert series, I would like to rail the Cadet Corps about its attendance to the same. As I have just said, the concerts are given for our benefit; yet many of us seem to make little use of the fact. I know that there are many things that appeal to some of us much more than we think a concert would, but can you really know this to be true until you put it to the test to find out.

There was a very poor turn-out of the Cadets at the last concert and I have heard various reasons for this; two of which seemed to be defeating the purpose of the concert series. They were: company and platoon drills were held until it was too late for the Cadets to attend the concert on time, and quizzes given the next day by professors who probably hadn't paid too much attention to the college calendar to realize that a concert was being presented.

I think that all persons concerned should help make it possible for the Cadets to attend the concerts so that it can be proved to them that a little art appreciation never hurt anyone. You know, "Music hath charms to soothe the savage beast."

Roughly Speaking

H. C. JONES

Frustrated professors: Clemson undoubtedly has the greatest collection of frustrated professors to be found in the nation, members of the frustrated clan being found among those men who have been at Clemson long enough for the newness to wear off but who are relatively young and new with regard to length of service at Clemson. At first they might possess aspirations of doing their bit to boost Clemson another rung in the ladder, but after several rebuffs from the shallow, narrow faction which is sort of an immovable object, they become just frustrated, complacent, absent-minded professors withdrawing further into their shells as a matter of self defense. Every now and then it is a good plan to stand off and look at yourself and see what is to be seen. A broad attitude, mood, approach, or call it what you will, is necessary for advancement; smug complacency and a shallow narrow approach only serves to limit your field of vision. So stand off and take a look at yourself; it might prove interesting!

Professors pay: An institution may have the finest physical plant available, but without the intangible factor offered by the men who minister instruction it is but an empty shell. To some people it seems strange that professors have a heart and that it pumps blood as does the heart of any mortal; instead, professors are quite often visualized as ethereal beings whose objectives are above the tangible things in life. Well, strange as it may seem to some, professors and instructors are human, having just as much appreciation of the comforts of life as the next fellow, and although the cold, bare room may be associated with the man of learning, you may be sure that he appreciates a warm room on a cold day just as anyone would.

The point is this—money talks; that is a hard cold fact and it is no overlooking it. Clemson has lost many capable men simply because the monetary demands of life could not be fulfilled at Clemson; industry and other institutions have offered greener fields. If Clemson must do without something, let it not be qualified professors. Clemson is an attractive institution but it certainly is not financially attractive, and in the past instructors, qualified instructors, have used Clemson merely as a stepping stone rather than adding to the structure of the faculty. But what the H—? Let's be smug, complacent, and satisfied. This problem is too difficult! The motto—"THINK—is applicable here.

THRU the TIGER'S EYE

A certain football player made himself most obnoxious at the concert given by the Winthrop sextette by worrying the performers with smart-alec remarks, etc. At one point in the concert the girls almost stopped the program because of his insulting character. Clemson should be ashamed to have such people as members of the student body.

Many of the veterans in the 2nd barracks are complaining of the actions of some of their comrades on the week-ends. The college should build bowling alleys and some sort of targets to keep the halls and window panes from being used as such on the week-ends.

With the bread shortage on now these students who delight in making fools of themselves by having bread fights in the mess hall should stop. The bread which is being used as ammunition in these childish actions could feed many a starving child in the war-torn countries of our allies in Europe.

It has been noticed in the recent Tiger Platoon drills that certain members spend a large part of their time trying to trip the men around them and smarting off at every opportunity. A dip in the pool would quickly convince them that only in their own eyes are they anything but fools. Those jealous souls who shower sour grapes on members of the student body who are recognized for their work should do something themselves before they so easily criticize others.

An iron post stuck in the middle of a roadway should be ample proof that automobiles should not proceed beyond onto the quadrangle. The quadrangle was not built to accommodate vehicles and is breaking up badly as it is with out them. It looks as if a concrete wall five feet thick or a row of dragon's teeth with anti-tank mines as in the Siegfried Line is the only answer to the problem.

When the Board of Visitors come to Clemson, they eat at tables with snowy white table cloths and sparkling china and silver while the students eat under conditions which are far from satisfactory. The true conditions certainly cannot be judged in this manner.

The Advanced R. O. T. C. veterans are not required to wear the complete uniform while the advanced R. O. T. C. Cadets are. Certain Sophomore and Junior Cadet officers are always absent from their barracks after long rolls. Being absent until Taps is a Senior privilege.

More students do not come out for the Tiger and Taps.

A telegram from the Honorable Olin D. Johnston sent on April 18th from Washington stated as follows:

Editor The Tiger
"Congratulations your editorial April 12 regarding drafting of students prior to completion of their education. Have today inserted this editorial in congressional record."

A letter from Mr. T. Wilbur Thornhill, a former Clemson man graduating in the class of '14 and chairman of the State Selective Service Appeal Board, states in part as follows:
"Having reference to your issue April 12th, 1946, subject: editorial—Draft Crisis.
This is a very excellent article and I recommend it to every veteran who is now at Clemson. It does not do any good for me to send this article to our men in Congress, it should be done by every veteran at Clemson. That I heartily recommend be done."

Mr. Henry Niles Nelson, also a former Clemson man, writing to the editor says, "I want you to know I really enjoyed the April Fool paper, the coloring besides the expressions in this issue. Furthermore, I thought so much of it I received it Friday morning and I took it to Columbia with me on a business trip. Coming back on the Carolina Special Sunday night some people from Kansas City, Mo., another man from Wisconsin, a few Waves, Sailors and all the members of the car in route from Columbia to Charleston enjoyed the issue and were really entertained for about an hour."

Quoting from an editorial in the Charleston News and Courier recently entitled "Directing Attention."
"The attention of the newspaper editors and publishers of South Carolina is respectfully directed to our companion, The Tiger, publication of students of Clemson College, as a model of typographical excellence and make-up as well as of reading matter interesting to the constituency which it serves. Many of our other companions could profit from a study of it."

Buttons Whitehead's beauty that everyone has heard so much about as usual didn't show up for the last dance. Buttons doesn't give up though; he has her name up on the roster for Finals.

"Chip on His Shoulder" Freeman shouldn't expect anymore than he works for.

The B. S. U. should have seen its devout leaders "Missionary McKinnon and 'Little Bull' Kennerly at a certain night spot in Atlanta.

The Commandant's office should add an animal trainer to its staff to take care of all of the six stripe zebras that are running loose up there. No wonder there is a shortage of men to fill up the ranks in the army; everybody is a master sergeant.

Pinson certainly lived up to his nick-name "One-Drink" at the last dance. More could be said.

If anyone wants a date for Finals, please see John Wigington. At present he has two on his hands.

Some one ought to steal Clemson's honorary colonel from "Fath-er" Frierson. Maybe time will tell, though.

Fog horns and a light house should be installed at Clemson to guide the U. S. S. Tug Abernathy

WHAT DO YOU THINK OF THE TIGER'S EDITORIAL POLICY?

R. R. Mellette, Aiken.
"On the whole I think the Editorial page is the best part of the 'Tiger,' although there is a lot of 'Bull' shooting on that page."

A. M. Tewkesbury, Aiken.
"I think the Editorial page is good and beneficial, because any man may discuss any problem or subject through it. I'd like to see more men use that privilege."

C. A. McCarter.
"I think the Editorial page of the 'Tiger' is swell. I get most of my line of 'bull' out of it."

W. F. Fanning, Springfield.
"I think the Editorial page of the 'Tiger' is the best. Each cadet can get a lot of it. Also a lot of 'Bull'."

Sam Ray, Williston.
"I think the Editorial page is okay. It gives the lowest low-down on guys around the campus."

Phil Klinck, North Augusta.
"I like the editorial page of the 'Tiger.' It expresses and brings into the open a lot of gripes, thus keeping Clemson men on their toes to correct the situations causing the gripes."

"The Editorial page has the most effective means for influencing students and veterans. It is doing a good job explaining and ironing out many problems." Frank W. Fleu, Carter, Ky.
"I think this is a very good editorial page. It is the first part of the paper that I read. Here's to more editorials!" Harold H. Baxley, Kershaw.
"I think the editorials are a big waste of time and space. Why not use this valuable space for uplifting comic strips such as Little Abner, etc. We would get something out of the space then even if it were only a laugh."

Letters to Tom Clemson

Dear Uncle Tom:
In the last issue of THE TIGER student opinion was expressed in regard to the mess hall. Maybe for some a "yes" or "no" answer to the questions asked, would not be considered completely satisfactory by those who gave the answers. Anyway, in "poll form" the questions were answered.

I wonder if this poll was quite fair to the man who is responsible for the mess hall? It is not at first time Clemson students have griped about this part of their college life, and I do not suppose it will be the last. One thing is certain, never in the history of Clemson has the mess officer had more adverse conditions to contend with than during the past four or five years, and at the present time.

When army trainees were here, Uncle Sam saw to it that the pantry was filled for them. But he has not done that recently, nor is he doing it today. Certain food stuffs are hard to buy, some items just cannot be purchased. Other items used on the meal tables cannot be bought. Adequate help to prepare the meals is almost impossible to get. Many of these conditions are going to continue for some time.

It is good for the student body to express its opinions. But I wonder if both sides of this problem have been given due consideration. When a man, in any work, does his dead level best, making whatever sacrifice is necessary, is then rebuffed, he does not feel very happy. The question is, "Can the things complained of be remedied at this time?" Should not some of the

back safely when he floats in in such a hazy condition.

O'Neal Jacobs conducted a mid-night tour of the campus for the visitors from Winthrop last Saturday night. Of special interest was the amphitheater.

"Compost" Covington should belong to some organizations before he orders the keys for them. All goes to prove that we do have "key hunters" in this school.

Johnny Evans, our ministerial protege, was heard to say at a certain intermission party after he had finished his first glass of punch, "I've been deceived, give me another glass full!"

G. J. Ballenger's intimate friends now call him "forgetface". Very appropriate name, eh what?

"Crum" Cockrell's girl did get to the last dance but the sad part is that she didn't come as "Crum's" date.

Things must have been pretty overheated with "Shorty", God's gift to the junior class, Collins after the last dance because he was seen to get out of his car on a lonely road and take a drink from a water spigot.

"Big Time" Terrell should realize that he's not in the paratroopers anymore and get his nose out of the clouds.

Danvey Carson, Anderson.
"The editorial page on my part is swell because it expresses and brings out the latest views on current happenings of Clemson men."

Jack Lesley, Easley.
"In my estimation the editorial page is one of the best features in the 'Tiger'. More power to John Califf and his staff."

E. L. Bonnoitt, Florence.
"The editorial page which John Califf writes is one of the best I have ever read. Especially in his last editorial. Remember, Califf, the student body is depending on you."

J. R. McCreary, Aiken.
"The Editorial page has the most effective means for influencing students and veterans. It is doing a good job explaining and ironing out many problems."

Frank W. Fleu, Carter, Ky.
"I think this is a very good editorial page. It is the first part of the paper that I read. Here's to more editorials!"

Harold H. Baxley, Kershaw.
"I think the editorials are a big waste of time and space. Why not use this valuable space for uplifting comic strips such as Little Abner, etc. We would get something out of the space then even if it were only a laugh."

Yours truly,
A. M. Tewkesbury.

Netmen Clinch Eight Victories In Last Nine Meets

TRAILING THE TIGER

They've Started To Click

After going along at about a 50-50 pace for awhile, the Clemson baseball team finally seems to have developed into a winning combination. Lately the Tigers have beaten Furman, Davidson, Presbyterian, and Erskine in inter-collegiate competition, and also defeated the professional ball club from Anderson, the Oconee mill team, and the soldiers from Fort Jackson. They have suffered defeats at the hands of Newberry, Carolina, and Anderson. Particulars will not be brought up in this column as accounts of the games will be found elsewhere on this page. The Tiger merely wishes to commend Coach Hinson and his boys for what appears to be a good job well done.

On the Courts

Apparently determined not to let any of our other athletic teams get the best of them, the Clemson netmen have recently started burning up the courts. They have lost only one of their last eight matches. After defeating the College of Charleston, Erskine, Furman, and Wake Forest, the Tigers lost to arch-rival, Carolina, then snagged back to defeat The Citadel, Erskine, and the College of Charleston.

Just for the information of anyone who doesn't know, the boys who make up the tennis team are Wilbur Greyard, Don Warther, Frank Cartwright, Tommy Thornhill, Eddie Rhyne, Frank Gillespie, Jack Hand, and H. E. Garrison.

Dick Watson, formerly number four player, recently had to leave college. After getting off to a rather poor start the Tigers really came back with a bang. Orchids to Coach Hoke Sloan and the team for proving that hard work and practice pay off in the end.

With the Track Team

Thus far the track team has lost two of three meets but let it not be said that the team is a failure. Everyone should remember that this is the first time since 1943 that Clemson has had a track team. Therefore the team is of a necessity made up of men with little previous track experience. They are getting that experience now and we may expect to hear big things of them in the future.

Chief point makers on the team are Billy Poe and George Doyle. Poe, a Greenville boy, runs the 100 yard dash and the 220 yard dash. Doyle, who hails from Buffalo, New York, is the field events man. Others who give a good account of themselves are Morgan, Lewis, Rogers, Cothran, Dunnaway, and Gullede.

Our Unsung Heroes

The men who receive the least recognition for their athletic promises are the members of the golf team. Few people realize it, but we have here at Clemson some of the best amateurs to be found anywhere. The team didn't win the Southern Inter-collegiate Tournament but they did beat the team that won it in a practice match the day before the tournament.

At the present time Lee Pickens is number one man, Blamer McKenzie is number two, Chip Clark is number three and Don Rader rounds out the first four.

Odds and Ends

Dewey Quinn, third baseman from Pelzer, is leading the baseball Tigers with .481 batting average. He has 22 hits from 49 trips to the plate, including three doubles, three triples, a homer, and nine runs batted in. Joe Landrum, our ace pitcher, has struck out 47 men this season and walked only five. June Pruitt has yet to make an error. Billy Poe never feels like running, yet consistently defeats all opposition. Wonder what he'd do on a day when he really felt good? Bo Saunders is telling the other football players that one way to get your picture in the paper is to wear loud, striped pajamas to all bridge parties.

CLEMSON BEATS FURMAN 4-2 AS LANDRUM BESTS McDANIEL

Joe Landrum slightly bested Joe (Ace?) McDaniel in a pitching duel in Greenville's Meadowbrook Park as the Tigers mangled the Hornets for a 4-2 win before two thousand spectators.

The Tiger batters nailed out ten hits to the Hornets seven, but the Tigers earned only one of their four tallies whereas the Greenville team grouped four singles in the third inning for its brace of hits.

Both McDaniel and Landrum put on a good show for the spectators, but Landrum seemed to have the edge as the final score showed. McDaniel did not have the support that Landrum had backing him up.

Ends Hornet Threat

Looper, first batter up for Clemson, opened the game with a clean hit to the right field, but McDaniel's pitching nullified a scoring chance with McMakin popping out to Barnett. Dewey Quinn flew out to right, and Winston Quinn fanned.

With the bases loaded from two walks by Bridwell and Batson, and Anderson's infield single, the Tigers kept the Hornets from scoring with a double play. Owens flew out to Winston Quinn and Quinn pegged the ball to Landrum and he whipped it to second, and from there it was relayed to McGee and he stopped Bridwell on his run-down to home.

McGee, former Clinton High star, placed the ball in center field for a neat single with two away but McDaniel's pitching thwarted this small threat by fanning Landrum in the first of the second. Bobby Stewart, after a two bagger died on base as Landrum struck out Bailey and McDaniel and threw out Bolin on first.

In Clemson third-inning Looper fouled to the catcher, but McMakin made good use of his turn at bat as he banged out a triple to right and hung on as Pruitt went back to the bench after some of McDaniel's high inside pitches. Dewey Quinn's high fly over second gave him a triple as Stewart and Bates collided in their confusion as to who should take catch. McMakin came in on Dewey's cheap triple, and the team retired as Stewart stopped Winston Quinn's grounder to make quite a lay.

Furman Retaliates

Furman, after to be outdone came back, after two outs went on a batting spree with four consecutive hits scoring two runs. Batson started the ball rolling with a short grounder to short and then Barnett, Owens and Stewart each slashed out three solid singles bringing in Batson and Barnett. Owens unavoidably ran over McGee at home while trying to steal, but McGee held to the ball for third out.

The Tigers tied the count at two-all in the first of the fourth when Grogan reached first on Barnett's error, stole second, went to third on a wild pitch, and scored on McGee's double to right field. McGee was tagged while trying to stretch his double into a triple. Three up and three down was the count as Landrum put Bowen, Bartley, and McDaniels down in the last of the fourth out.

Looper, after a single, was thrown out sliding into second when McMakin missed an attempt bunt and was put out, which retired the side. Furman's Bridwell, after forcing out Anderson who walked, got as far as third on a wild throw and passed ball but Furman lost its scoring chance as Barnett flew to center, retiring the side.

A two-base hit and an error allowed Dewey Quinn to reach third but he died there as McDaniel fanned Winston Quinn and Stewart took Grogan's slow roller to throw Quinn out at the plate. The first half of the inning ended as Sanders popped to Stewart.

Bailey, fanned for the third time, being Landrum's seventh strike-out victim in six innings. Landrum fanned ten men in all to McDaniel's eight. Clemson reviewed three bases on balls and Furman gained two passes.

Tiger Rifle Team Has Steak Supper

The rifle team was given a steak supper at the Y. M. C. A. cafeteria Wednesday night, April 17th, by Lt. F. C. Strother, the coach. The members are: Aughey, J. E. Lyman, S. C.; Black, H. N. Ruffin, S. C.; Frazier, J. W., Charlotte, N. C.; Horton, S. R., Rock Hill, S. C.; Rigby, J. N., Kingstree, S. C.; Roddy, T. T., Columbia, S. C.; Salley, D. C., Saluda, N. C.; Shepard, J. R., Washington, D. C.; Tuten, J. M., Greenville, S. C.; Taylor, W. H., Newnan, Ga.

It was a new team, composed of unexperienced men. It was derived by competitive means from the 60 men that turned out for it in October. They began work in October and fired until March 1st. Among the matches that they participated in, they won from The University of Alabama, V. P. I., and The University of Hawaii. At the supper, Lt. Strother presented the Expert Rifleman's badge to each of the members.

Land Conference To Be Held Here

Dr. G. H. Aull, Head of the Agricultural Economics and Rural Sociology Department, announced here this week that representatives from several southern states will meet here on May 7 and 8 for the Southeastern Land Tenure Conference, which will be sponsored by the Farm Foundation.

Delegates from State Experiment Stations and Land Grant Colleges in Florida, Georgia, Alabama, Tennessee, North Carolina, South Carolina, and Virginia will be present. Dr. Joseph Ackerman from the Farm Foundation in Chicago, Mr. F. W. Peckin from Chicago, and Mr. Webster Johnston of the Bureau of Agricultural Economics from Washington will speak.

Dr. Aull, who is chairman of the Southeastern Committee on Land Tenure, stated that the meeting will take up organizational problems and make plans for a land tenure study project in the Southeast.

Delegates for this meeting will be housed in the Trustee House and the Y. M. C. A. All meetings will be held in the Ag. Ec. Dept. in Long Hall.

Alumni Weekend Is To Begin May 17

The week-end beginning with May 17, has been set as Alumni Week-end this year at Clemson. The program for the week-end will get underway Friday at 4:00 with a meeting of the Trustees of the Clemson College Foundation in President Poole's office.

On Saturday the following items are on the agenda: 10:00, Class Reunions; 2:30, General Alumni Meeting; 4:30, Baseball game between the Clemson Tigers and the South Carolina Gamecocks; 7:30, Alumni Banquet in the Clemson College Mess Hall.

The speaker for the Alumni Banquet will be Benjamin Ryan Tillman, who graduated from Clemson in Agriculture in 1896. Mr. Tillman, who is a lawyer, is in the Department of Justice and is living at Washington, D. C.

The officers of the Alumni Association at present are: J. Stanley Williamson, Columbia, President; R. H. Pike, Atlanta, Vice-President; Charles N. Gignilliat, Seneca, Vice-President; J. H. Woodward, Clemson, Secretary. Separate classes that are holding reunions this year are 1896, 1901, 1906, 1911, 1916, 1926, 1931, 1936, 1941.

This bit of action took place during the hard doubles match between Wilbur Greyard and Don Warther of Clemson against Jerry and Irwin of Citadel. Greyard and Warther came back after a faltering start to take the match 4-6, 7-5, and 10-8. Clemson won the match 5-2.

Golfers Defeat University by Large Score

Clemson's unbeaten golfers again emerged on the top with a 17½ to 14½ win over Carolina at Columbia. The team is especially proud of this win because the course at Columbia is really supposed to be a tough one. And just to make a tough course tougher, there was a high wind blowing.

Lee Pickens was the low scorer with a 77. Chip Clark and Beamer McKenzie both had 80's and Don Rader wound up with an 81.

Trively Appointed Advisor For ASCE

Appointment of Professor I. A. Trively of the engineering faculty as faculty advisor of the Clemson student chapter of the American Society of Civil Engineers has been announced by Col. William N. Carey of New York. Col. Carey is secretary and executive officer of the national society.

The Clemson organization is one of 125 student chapters throughout the United States which are affiliated with the ASCE.

State YM-YWCA Meet Camp Forest May 3-5

Approximately 21 YMCA cabinet and council members plan to attend the annual Spring Student YM-YWCA Training Conference to be held May 3-5 at Camp Forest, near Cheraw. Accompanying the students will be Mr. P. B. Holtzendorff and Mr. J. R. Cooper.

"Follow Me" is the theme for the conference, and Rev. McKay Brabham will be the main speaker. Other leaders and speakers will be Mr. Henry Ware, Regional YMCA secretary, and Mr. H. E. Robinson, a Clemson graduate, now associate secretary of the YMCA for the state of Georgia.

The last meeting of this type was held last October at Camp Forest, where Bill Reasonover of Clemson was elected state student secretary to serve for the spring meeting.

TIGERS TAKE FOURTH PLACE

The previously unbeaten Tiger linksmen came out fourth in the Southern Intercollegiate Golf Tournament which was recently held in Athens, Ga. Clemson won three of the five flights, but failed to place a man in the championship flight.

In a practice match the day before the tournament, the Tigers defeated L. S. U. 14-13 in a six man match. However, L. S. U. came back to take first place in the tournament. Georgia and Georgia Tech also finished ahead of the Tigers. Other teams competing in the tournament were Tulane, Davidson, Vanderbilt, Alabama, Auburn, University of North Carolina, and the University of Virginia.

Erskine Nine Bows To Tigers

Clemson, combining seven hits with seven Erskine errors, defeated the Erskine nine 5-1 at Due West on April the 26th. The seven errors committed by Erskine cost them the ball game.

Joe Landrum, ace moundman for the Tigers, struck out six Erskine batters and kept the six hits he allowed well scattered. Winston Quinn gave the Tigers an early lead in second frame when he singled to drive in two runs.

The score by innings:
Clemson 030 000 020 572
Erskine 000 000 010 162
Landrum and McGee; Allen and McDill.

Joye New President Of Richland Club

At a recent meeting of the Richland County Club, Charles M. Joye was elected president. Other officers elected were Jack Reese, vice-president, and Donald Rader, secretary-treasurer. A committee was appointed to draft a constitution for the club.

Plans were also made for a dance sometime in the future.

After the meeting the members of the club were guests at open house at the "Y".

TEAM FINISHES STRONG AFTER FALTERING START

In the last few weeks the Tiger raquetters have definitely been on the rebound by winning all but one of the last eight meets. Clemson has won one match each from Furman, Wake Forest and the Citadel and two matches each from College of Charleston and Erskine. The only defeat suffered recently was administered by the Gamecocks of Carolina.

The regular line-up for the greater part of the season has been in the following order: Wilbur Greyard, Don Warther, Frank Cartwright, Dick Watson, Tommy Thornhill, Eddie Rhyne, Jack Hand, Frank Gillespie, and H. E. Garrison were alternates. A few days before the Citadel meet, Dick Watson had to leave school.

Furman
The Tigers quieted the Purple Hurricane of Furman down to a mere breeze when the two met on the Clemson courts; the final score being 9-0 in favor of the Bengals. The number two and number six matches furnished the closest margins with Warther defeating McKinney 6-3, 6-4, and Gillespie defeating Sword 4-6, 6-4, and 6-4. The team is to have a return engagement at Furman shortly which will ring down the curtain on the season for the year.

Carolina
In the only defeat suffered recently the Tigers lost to an improved Gamecock team at Columbia by the score of 5-2. Since the last meet, Carolina had added two new men who had greatly improved the team. Two Clemson players, Will Greyard and Dick Watson, played excellent tennis in downing their two opponents for Clemson's two wins; Greyard defeated his old home-town rival, Atkinson, 6-4, 6-3, and Watson defeated Harkness by the score 1-6, 1-6. Warther and Cartwright each gave their men tough fights, but came out on the short end of 6-4, 7-5, and 7-5, 6-4, respectively.

Citadel
Citadel journeyed all the way to Clemson only to lose to the Tigers, being defeated 5-2. The players were greatly hampered by strong winds and the wet courts. All the matches were close and all the teams played excellent ball despite the handicap that nature provided for the day. The only losses suffered by Clemson were the defeats of Greyard by Jerry and Cartwright and Hand by Snell and Irwin. The number one doubles was by far the best match of the day with Greyard and Warther defeating Jerry and Irwin 4-6, 7-5, and 10-8.

Wake Forest
The Tigers dipped the Deacons of Wake Forest here at Clemson with the same score 5-2. Greyard and Watson again played outstanding tennis by defeating Anderson 6-3, 6-1, and Folk 6-1, 6-1, respectively. Rhyne suffered the only single loss of the afternoon by losing to Wall 7-5, 6-4, and the only other defeat was the number two doubles.

Erskine
In the two matches with Erskine, the Tigers have walked off with the victory each time by the score of 7-0. In the meet at Clemson the number two singles, Cartwright vs. Butts, proved to be by far the best match of the day's meet.

College of Charleston
Clemson defeated the College of Charleston twice, each time to the tune of 9-0. In none of these matches were the Tiger netmen forced to play more than two sets in each match. At Clemson Tommy Thornhill played the most interesting match with the final score being 6-3, 6-3. When the team traveled to Charleston it was the same with the Tiger sweeping all. Eddie Ryan exhibited good form in trouncing his man 6-2, 6-1. The doubles team of Cartwright and Thornhill showed up well with a win of 6-0, College which has been 42 years 6-2.

Erskine
In the two matches with Erskine, the Tigers have walked off with the victory each time by the score of 7-0. In the meet at Clemson the number two singles, Cartwright vs. Butts, proved to be by far the best match of the day's meet.

College of Charleston
Clemson defeated the College of Charleston twice, each time to the tune of 9-0. In none of these matches were the Tiger netmen forced to play more than two sets in each match. Clemson's Biggest Summer School Being Planned

CDA Announces Finals To Be Presented May 17-18

The last series of dances for the current semester, Finals, will be presented May 17 and 18, according to an announcement by Dale G. VanderVoort, president of the Central Dance Association. Two dances will be given—a formal dance Friday night from 9 till one, and an informal one Saturday night from 8 to 12.

Music for the dances will be furnished by Billy Knauff's orchestra from Charlotte, N. C. This orchestra has played for several dances in this section and comes to Clemson very highly recommended.

Of interest to students here is the fact that Willie Whisnant, former Clemson student and member of the Jungaleers, plays first saxophone in the band. Willie was here from 1941 to 1943 and is to return to school here in June.

Several of the members of the orchestra have played for big-name orchestras. Tommy Farr, trombonist, played first position with Tony Pastor for two years

and with Woody Herman about a year. His sister, Miss Teeny Farr, is vocalist for the band. A brother of theirs recently left Knauff to play with Dean Hudson. Hix Henderson played trombone with Tony Pastor for three years. Erwin Hinkle, saxophonist, formerly had an orchestra of his own.

Admission for the Friday night dance will be \$2.75 and \$2.25 for the Saturday night dance. There will be four no-breaks Friday and three Saturday.

Originally Finals were planned for May 10 and 11, but it was decided by the CDA to put it off until the big weekend of graduation and Visitors Day so that those attending would also be here for these events.

This will be the last dance for several of the senior CDA members. Pres. D. G. VanderVoort, Placing Chm. G. J. Ballenger, Floor Chm. M. J. Pinson, and Decorating Chm. O. B. Riley are candidates for graduation this semester.

Full Semester To Be In Two Terms

Summer school this year will consist of a full semester work as it has each summer since Clemson went on a war-time basis. The semester will be broken into two terms as in the past with the first term beginning on Monday, June 3rd, and ending on July 27. Second term opens on July 29th and ends on September 21 with the winter session beginning five days later on September 26th.

At this time the schedule committee is still at work and unable to publish any definite list of the courses to be offered. It is thought that substantially all courses in the curriculum will be taught.

Along with the regular college courses there will be offered several new credit courses as in previous summers. These will include such things as typing and shorthand.

There will also be a short course in cotton classing and a special course for trade and industrial teachers both of which may be open to certain qualified students. A special course will also be offered to teachers of the area who will commute each day.

From the number of applications made by students already enrolled and those received from prospective students there will be the biggest summer school in Clemson's history.

Honor System Is Proposed

The Freshman "Y" Council, working with a group of interested professors, has drawn up a proposed honor system for Clemson College. An honor system was established in 1940 at Clemson; but because of war conditions it was never put into effect. The Freshman Council feels that it is time for the student body to revive some form of an honor system.

The Council, therefore, presents a system for the student body to read, discuss, and give some serious thought to. The Council will work for the establishment of this or a similar system in the near future.

On a person's second offense, if found guilty, the charge is read in the mess hall. He receives a failing grade on the work in which he cheated.

On a person's third offense the punishment may be a recommendation by the Council that he be suspended. If this recommendation is not made, the Council stipulates any other punishment in line with the facts of the case.

Furman Girls Meet With Clemson PSA

Twenty-five Presbyterian girls from Furman attended a joint meeting with the Clemson PSA last Wednesday night.

Following a program on the theme "Christ on the Campus", presented by the Furman girls, a social hour was held during which Mr. J. R. Cooper of the YMCA led games.

Prof. Godfrey Organized Pioneer Radio Station

Prof. William E. Godfrey, professor of Physics in the Department here, was graduated from Mercer University in Macon, Ga., in 1893. Being always interested in the field of Physics, he accepted a position as professor of Physics offered him in 1897 by Mercer University. At the same time, he spent three summer quarters studying Physics at the University of Chicago and again later in 1907 he was given a year's leave of absence from Mercer University to study at Cornell University. While at Cornell he was instructor in Physics for one summer session. Upon his return to Mercer University, Prof. Godfrey installed an amateur wireless telegraph

station there and later became instructor of wireless in the Signal Corps at Georgia Tech during World War I.

After his discharge from the Signal Corps in 1919, he came to Clemson in the fall of that year as a substitute for Prof. T. G. Poats who was on a leave of ab-

sence and became Professor of Physics in September, 1920.

Prof. Godfrey married Miss Margaret Stakely, of Union Springs, Alabama, in 1912.

With his continued interest in Radio, Prof. Godfrey built a radio broadcasting station—W.S.A.I.—at Clemson for the Extension Division of the college under Dr. W. W. Long for broadcasting information in agriculture to the different Extension Agents in South Carolina. This station was one of the first stations licensed in South Carolina.

In 1937 Prof. Godfrey was granted a six months leave of

absence for study of Atomic Physics at the Cavendish Physics Laboratory at Cambridge, Eng-

land.

HUNGER

Just say that word out loud, and you get the full force of its terror. "Hunger" has a deep, dangerous tone to it. Hungry men are angry men. Women and children faced with starvation are bewildered, desperate.

Hunger is the stuff of which revolution and war are made.

Peace is not possible in any part of a world in which 500,000,000 people haven't enough to eat.

3 ways you can share a meal and save a life:

1. SAVE AND SHARE WHEAT AND FAT

Go light on foods that take wheat and shortening . . . breads, macaroni, cakes, pies and pastries.

2. USE MORE OF THE PLENTIFUL FOODS

Balance diets with the more plentiful foods such as potatoes, fruits, vegetables, eggs, poultry and fish.

3. WASTE NOT

Use and re-use your fats for cooking. Turn in all used fats promptly. They are needed to make soaps and other products for us here at home.
